- SECURITY FRAME WITH SIDE LOCK
- COIN INSERT SLIDE AND CHANGE DRUM
- RAIN COVER ABOVE THE DRINK DISPENSE AREA
- DISPENSE AREA LOCKED (SHUTTER)
- BACK PANEL
- HEATER
- FI SAFETY SWITCH
- FLOOR MOUNTING KIT

The machines are fitted with all the technical features necessary to provide security and easy operation in the great outdoors. The outdoor-coffee machine is fully weatherproof and vandal-resistant.

The side walls and floor are double-insulated and the inside is heated. The machine is suitable for an outside temperature of up to -20 degrees Celsius. Heated hoses available as an option.

The machine can be operated using a fixed water connection or from a water canister. Cleaning and pre-heating can, if required, be fully programmable.

A fully-automatic cup holder can dispense either paper or plastic cups. Sielaff's outdoor hot beverage vendors guarantee a quality cup of coffee whatever the weather.

Dimensions: (h x w x d): 1,860 x 765 x 919 mm
